

Schiller, Lonely

Take a chance; love won't wait.
Don't replace the words that show you grace.
Stop the move; react to me soon.
I'll show you sides of me I never show.

I feel lonely, I feel for you.
I feel lonely, what do I have to do?
I feel lonely, I feel for you.
I feel lonely, what do I have to do?

Caress my soul, and hope I find...
Don't mistrust; leave all your fears behind.
Drop your moves; react to me soon,
And show me sides of you like I would do.

I feel lonely, I feel for you.
I feel lonely, what do I have to do?
I feel lonely, I feel for you.
I feel lonely, what do I have to do?
