

# Schleprock, No Heroes

Another Main Street parade...  
Faceless crowds gather 'round  
and they cheer for the grand brigade!

But I'm an outsider, self-believer  
nobody's loser, nobody's soldier  
No crutch to bear my weight on  
Straight up to yell this song

Oh, which way to go  
What exactly have you been told?  
I know that we're on our own  
Ain't got no heroes  
Nothing to look up to  
No movement gonna make you move  
I know I will not follow  
Ain't got no heroes

The marchers keep on marching  
The sheeps still go on chasing  
Mixed up messages, sound so cheap  
Pray for them, well I pray for me  
Another desperate demonstration  
I don't care and I'm not listening

Oh, which way to go  
What exactly have you been told?  
I know that we're on our own  
Ain't got no heroes  
Nothing to look up to  
No movement gonna make you move  
I know I will not follow  
Ain't got no heroes
