Come into my dream
Let me show you where Ive been
Its you and me Ive seen
Let me tell you what I mean....
Come into my dreams
Let me show you where Ive been
Its you and me Ive seen
Let me tell you what I mean
In the deep blue sky
There are rainbows in the dark
You and me could fly,
And the ocean shines so bright
Come into my dreams
Let me show you where Ive been
Its you and me Ive seen
Let me tell u what I mean (fades)
Come into my dreams
Let me show you where Ive been
Its you and me Ive seen
Let me tell you what I mean
In the deep blue sky
There are rainbows in the dark
You and me could fly,
And the ocean shines so bright.
