

School Boy Humor, Fornever

The news was told
And it was sad
Truth always hurts
This game of love will break you
Now you told me how
It didn't work
But maybe will someday soon

Fornever we are meant to be
Fornever I will have you in my mind

The games grew old
Just like a fad
You weren't concerned
I liked you more than you knew
Wow, I'm feeling down
I'm such a jerk
But maybe you are one too
