

# ScHoolboy Q, Overtime (ft. Miguel, Justine Skye)

Baby let me know it's mine  
And I might put in overtime  
Understanding overnight  
You know tonight ain't a sober night

I wanna fuck right now /3x  
I wanna fuck /2x

I wanna fuck right now  
In the bedroom geeked, while your clothes hang down  
Chillin' all day, lovin' all night  
Nice ass, and your stomach all tight  
If your money ain't right, I should be in your life  
Put it down when your boyfriend know, girl  
Both hands where the sun won't show, girl  
Meet you around four with the chauffeur  
Keep a penny on top of my loafers  
Keep a diamond on each of my tooth  
I'm getting money like athletes  
It can, it can go down in the backseat  
I know all your right spots without asking, hey

Baby let me know it's mine  
And I might put in overtime  
Understanding overnight  
You know tonight ain't a sober night

I wanna fuck right now /3x  
I wanna fuck /2x

Girl you bangin, you dynamite  
Keep an arch in your back when you do it like  
Fuck with me, you be luxury day and night  
Got me tricking on everything overpriced  
Can I hit it and skip all the love?  
Leave your square and come chill with a thug  
Girl I'm privileged, you know how the time be changing  
Know I'm hitting it right when your core be shaking  
Why you hanging with niggas that's missing payments?  
Keeping my dollars on top of dollars  
Netflix and chill when it's after hours  
I should be in your room when you leave the shower  
Hitting them spots like you taught me about them  
Girl me and you got a lot in common  
I'm the one you should call when you're done with clubbing  
Darling fuck all the talk, let me show you something

Baby let me know it's mine  
And I might put in overtime  
Understanding overnight  
You know tonight ain't a sober night

I wanna fuck right now /3x  
I wanna fuck /2x
