

Schuyler Fisk, Songs That Say Goodbye

Standing at your door
just as nervous as the first time
and you greet me with a kiss
how could you know that i don't feel right
i wish there was a way i could want you
wish that i could be the right one for you
wish there was an easy way to say this

these words are heavy on my mind
like songs that say goodbye
like songs that say goodbye

how can i explain that you did everything the right way
yeah you made me feel safe and you made me want to say
things i couldn't say
wish i didn't have to watch you fall
wish this didn't have to hurt at all
wish there was an easy way to say this

these words are heavy on my mind
like songs that say goodbye
like songs that say goodbye

and i don't want to take it back
the time we had
got no regrets
i don't want to wonder if
we should have been
what could've been
what might've been

but i didn't to break you
i didn't want to break you
like songs that say goodbye
i didn't want to break you
i didn't want to break you
like songs that say goodbye
like songs that say goodbye
