

Scissorfight, Dynamite

Bang fire I got the dynamite
Head atrocities
I got the dynamite
Respect the wild ride
That left you horrified
Get arctic wolfman
Massacre ignite
Astronomic height
Commence to go off
Have at the TNT
League of atrocities
Wild dogs and other hassles
The blasting operative
That you are fucking with
It cranes it's neck and hisses
Who's got the TNT
The gong of lunacy
Who's gonna get insane?
Who's gonna pass the flame?
Who's got the fucking light?
