

# Scissorfight, Mange

It's evident  
You're right out of your skull  
Get combatant and  
Fuck somebody up  
That's fucking out of control  
Back off out of my face tonight  
Or heads will roll  
This contaminant makes a fool of you  
Just a chasm that you threw yourself into  
That's fucking out of control  
Back off out of my face tonight  
Or heads will roll  
If it's hazardous  
Get the fuck involved  
Save that battle axe  
You gonna need it when you're down
