You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough

Get enough...  
Get enough...  
Get enough...

You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough

You make me feel so real  
I can never get enough
