The first time, I've never seen this place,
the first time, I ever saw your face.
The first time, I've never seen this place,
the first time, I ever saw your face.
The first time, I've never seen this place,
the first time, I ever saw your face.
The first time ...

The first time, I've never seen this place,
the first time, I ever saw your face.
The first time, I've never seen this place,
the first time, I ever saw your face.
The first time, I've never seen this place,
the first time, I ever saw your face.
The first time ...
