

Scorpions, In Trance

(Rudolf Schenker, Klaus Meine)

I wake up in the morning
and the sun begins to shine
the day did sneak up on the night
I see your face and I see myself
and I get a little taste of life
I try to stand it for a while

But I'm in a trance
Hey baby tell me can't you hear me calling
I'm in a trance
I take too much in the Saturday night
Hey... Hey
Hey baby tell me can't you hear me calling
I'm in a trance
I wanna try to stop this life

feel so sad I'm feeling down
On the radio the music plays
I'm in love with her and I feel fine
I close my eyes
I think today is getting better with a sip of wine
and I can stand it for a while
When I'm in a trance
Hey baby tell me can't you hear me calling
I'm in a trance
I take too much in the Saturday night
Hey... Hey
Hey baby tell me can't you hear me calling
I'm in a trance
I wanna try to stop this life

I'm in a trance
Hey baby tell me can't you hear me calling
I'm in a trance
I take too much in the Saturday night
Hey...Hey
Hey baby tell me can't you hear me calling
I'm in a trance
I wanna try to stop this life
