

Scorpions, Love 'Em Or Leave 'Em

(Music: Rudolf Schenker; Lyrics: James Kottak, Klaus Meine)

Blowing'cross the universe
Like a shooting star that lost its way
Looking back with no regrets
Living tor what hasn't happened yet

Love 'em or leave 'em
No rhyme or reason
Break out to make out
No change in the season
Love 'em or leave 'em
Put out or get out
Simple survival
No more denial
Love 'em or leave 'em

Roller coaster flies off the track
Hits you in the face, stabs you in the back
They Jake your right, leave nothing left
Steal you blind, your mind and leave you deaf

Love 'em or leave 'em
No rhyme or reason
State of the nation
Pure intoxication
Feel the vibration
The anticipation
Simple survival
No more denial

Dont wanna waste no time
I'm never losing track
I've seen il all and so much more
But I ain't seen nothing yet

Love 'em or leave 'em
No rhyme or reason
State of the nation
Pure intoxication
Feel the vibration
The anticipation
Simple survival
No more denial

Love 'em or leave 'em
