

# Scorpions, Obsession

(Klaus Meine, Peter Wolf)

Girl I don't think of you  
At least that's what I try to do  
And I just miss those days  
Our secret little place, Oh well  
But I'll be there  
Anytime your heart is desperate just to love someone  
I want you to call my now  
Cause it feels so good to be your lover  
When my lips are kissing you all over  
And no matter what I do I can't get you off my mind  
I just want this night to last forever  
It can not get any better  
In my life  
Now I don't feel the pain  
My world went upside down insane  
And I don't miss those nights  
Now maybe that's a lie as well  
Still I'll be there  
Anytime your heart is desperate just to love someone  
I want you to call my now  
Cause it feels so good to be your lover  
When my lips are kissing you all over  
And no matter what I do I can't get you off my mind  
I just want this night to last forever  
It can not get any better  
In my life  
And I'll be there  
Anytime your heart is desperate just to love someone  
I want you to call my now  
Cause it feels so good to be your lover  
When my lips are kissing you all over  
And no matter what I do I can't get you off my mind  
I just want this night to last forever  
It can not get any better  
In my life  
There's nothing left to do  
But to say those words to you  
Oh yes I do
