

Scorpions, Stone In My Shoe

(Music: Rudolf Schenker, Lyrics: Klaus Meine)

I keep on dancin' on the roof
Try not to fall, stay in the groove
A step too far. I'm out of place
Life beats you up some of these days
Just like a whisper there's a voice
Inside of me
It's sayin' you ain't got a choice
Well, can't you see

Ooh, when your world comes tumbling down
Ooh, you better find a way around

I keep on walkin' in the clouds
Find out what life is all about
I keep on runnin' away from here
To learn the grass ain't greener there
Just like a whisper there's a voice
Inside of me
It's sayin' you ain't got no choice
As you can see

Ooh, when your world comes tumbling down
Ooh, you better find a way around
Ooh, cause no one else but you
Ooh, can find the stone inside your shoe

Ooh, when your world comes tumbling down
Ooh, you better find a way around
Ooh, cause no one else but you
Ooh, can find the stone inside your shoe

Inside your shoe
Inside your shoe
Inside your shoe
Yeah

Keep rockin' in the street
Keep landing on my feet
Keep runnin' on and on
Still play my favorite blond
Keep rockin' mother earth
Just all around the world
These days mean safer sex
Get my survival pack
My orgasm isn't faked
Ooh Lord, I need a break
And what's annoying, too
Is that damn thing in my shoe
Ooh, there is a stone in my shoe
