Scorpions, When You Came Into My Life

(Klaus Meine, Rudolf Schenker, Titiek Puspa, James F. Sundah)

You give me your smile A piece of your heart You give me the feel I've been looking for You give me your soul Your innocent love You are the one I've been waiting for I've been waiting for

We're lost in a kiss A moment in time Forever young Just forever, just forever in love

When you came into my life It took my breath away Cause your love has found it's way To my heart

Ooh, ahh Ooh, ahh

You make me dream By the look in your eyes You give me the feel, I've been longing for I wanna give you my soul All my life Cause you are the one I've been waiting for I've been waiting for so long

When you came into my life It took my breath away And the world stopped turnin' round For your love When you came into my life It took my breath away Cause your love has found it's way To my heart Into my heart

Just forever in love

When you came into my life It took my breath away And the world stopped turnin' round For your love When you came into my life It took my breath away Cause your love has found it's way To my heart When you came into my life

When you came into my life It took my breath away And the world stopped turnin' round For your love When you came into my life It took my breath away Cause your love has found it's way To my heart
