

Scott Krippayne, All Of Me

No one's watching
Now I'll find out if You're real to me
Will I love You
Or give in to something less in me
How long will my mistakes keep rehearsing
Jesus, I've taken liberties with Your mercy

(chorus)
All of me
I need to surrender all my favorite sins
Let You into places I have never let You in
I come clean
Lord take all of me

You know my hand
All the cards I'll never show the world
No more bluffing
I cast down these artificial pearls
Deeply, I know that's how I have hurt You
Completely, starting now that's how I want to serve You

I want to serve you with
