Scott Krippayne, All Of Me

No one's watching Now I'll find out if You're real to me Will I love You Or give in to something less in me How long will my mistakes keep rehearsing Jesus, I've taken liberties with Your mercy

(chorus)
All of me
I need to surrender all my favorite sins
Let You into places I have never let You in
I come clean
Lord take all of me

You know my hand All the cards I'll never show the world No more bluffing I cast down these artificial pearls Deeply, I know that's how I have hurt You Completely, starting now that's how I want to serve You

I want to serve you with

chorus
