

# Scott Matthews, Dream Song

ohhhhh yeahhh yeahhh ummmmmm...

I wander hopelessly,  
trying to think about me  
But Im trying to forget,  
the things that dwell on me

Sitting on a horse to the wind,  
and sit in my comfortable tree  
Mesmerised by the beautiful sky,  
Sit thinking where I wanna be

I'm gonna sleep with the peaceful moon again  
until the sun bleeds through my eyes  
Im gonna wait until the morning comes  
to wipe the sleep out from my eyes, yeah

ohhhhh yeahhh...

Not a soul to be heard;  
a sound so sweet  
A pin hit the ground,  
I feel the energy through me feet

Catch a falling leaf,  
from its journey to the ground  
I think I found my saving grace;  
dead silence all around

I'm gonna sleep with the peaceful moon again  
until the sun bleeds through my eyes  
Im gonna wait until the morning comes  
to wipe the sleep out from my eyes

Oh oh oh oh...

I sit and dream I lie and wait,  
I see how long it takes to deliver my fate  
Grab all the that you can hold,  
and just follow the tree home  
They're saying that Im picking up fares  
my dreams will purvey on

I'm gonna sleep with the peaceful moon again  
until the sun bleeds through my eyes  
Im gonna wait until the morning comes  
to wipe the sleep out from my eyes

Oh oh oh oh oh oh yeah  
Oh oh oh oh oh oh yeah  
Oh oh oh oh oh oh yeah...
