

Scott Walker, A Woman Left Lonely

A woman left lonely will soon grow tired of waiting
and soon she'll do crazy things on lonely occasions
A simple conversation with a new man, now and then
makes a touchy situation when a good thing comes to an end

And when she gets lonely she's thinking about her man
He's taken her for granted 'cause he just don't understand

And the fevers of the night- they can burn an unloved woman
And like a red hot flame- try to push all love aside...

Oh yes, it does...

A woman left lonely is a victim of a man
When he can't keep up his own way she's gotta do the best she
can

A woman left lonely...

A woman left lonely...
