

# Scott Walker, I Don't Want To Know

If someday your arms should fail to hold me tight  
and your lips are cold and they don't kiss goodnight.  
Then you say it's time my dear for you to go  
oh my darling I just don't want to know.

If your love for me as gone, don't tell me dear  
now and then just love me and hold me near.  
If you date another guy and love him so,  
oh darling, I just don't want to know

Deep in my heart I know I love you so,  
I think of you not matter where I have to go.  
When you're in my arms, or when you're by my side  
oh, please don't say that our love has died.

If your love for me as gone, don't tell me dear  
now and then just love me and hold me near.  
If you date another guy and love him so,  
oh darling, I just don't want to know  
oh darling, I just don't want to know  
oh darling, I just don't want to know
