

# Scott Walker, Rosary

I&#039;ll string along  
I&#039;ll string along  
oo whao whao whao

Come mornings  
my beads on a face  
A thread  
A thong  
oo whao whao whao

We can save it  
We can change it  
Put it in lines across the room  
But we&#039;ll never  
stop it bristling  
and I gotta quit

With a ribbonless hair  
With a wire of snare  
oo whao whao whao

With all the trembling vein  
that you can bare  
oo whao whao whao

We can save it  
We can change it  
Put it in lines across the room  
But we&#039;ll never  
stop it pimpling  
and I gotta quit

Scrape a little pattern  
to a sty  
I kiss holes for the bullets  
in case of thigh  
in case of thigh  
I kiss holes for the bullets  
and I gotta quit  
and I gotta quit
