

Scott Walker, Too Young To Know

Oh my love, to you I pray,
darling forgive me, for running away.
I was too young to know,
too young to know, that I was so in love.

Oh my love, don't blame this fool.
Youth can be thoughtless and youth can be cruel.
I was too young to know, too young to know
that I was so in love

Oh my love, don't blame this fool.
Youth can be thoughtless and youth can be cruel.
I was too young to know,
too young to know, that I was so in love.
