

# Scott Weiland, Big Black Monster

Scott Weiland

- Big Black Monster -

You did not call but she was home  
You left while she sleeping

You left a note said you went  
to get some cigarettes

But that was three long days ago  
What have you got to say?

A Big Black Monster flew right in  
You're stranded Bonnie Brae

Another day  
Another way  
to sell your story to her

But talking will get you nowhere  
Your voice falls on deaf ears

And that was three long days ago  
What have you got to say?

A Big Black Monster flew right in  
You're stranded Bonnie Brae

Did you hear the monster come in?  
He came a crashin' in  
Did you feel the monster come out?  
You crashin'  
You crashin'  
Did you hear the monster come in?  
He came a crashin' in  
Did you feel the monster come out?  
Your crashin'

You did not call but she was home  
You left while she sleeping

You left a note said you went  
to get some cigarettes

But that was three long days ago  
What have you got to say?

A Big Black Monster flew right in  
You're stranded Bonnie Brae

Did you hear the monster come in?  
He came a crashin' in.  
Did you feel the monster come out?  
You crashin'  
You crashin'  
Did you hear the monster come in?  
He came a crashin' in  
Did you feel the monster come out?  
Your crashin'...

Did you hear the monster come in?  
He came a crashin' in.  
Did you feel the monster come out?

You crashin'  
You crashin'  
Did you hear the monster come in?  
He came a crashin' in  
Did you feel the monster come out?  
Your crashin'
