

# Scout laRue Willis, Love Without Possession

It's hard to know  
I am the one who has your heart  
But some girl  
Might get the other parts  
That used to be mine too

I am learning to  
Love you from the farm  
By which i mean across the bar  
You're so beautiful

I am working on accepting  
Without possession  
I am trying yoto love you  
Without obsessing
