

Scout Niblett, Advice

don't let it do that to you ever
it's only pure songs that can soothe me
neptunes in transit, clouding in my way
"love you so sweetly," she tells me loudly

trampoline action causes me upsets
i am receiving what I'm supposed to
gladly accepting what is for you
watch you so constant to care
I'm cordless

don't let it do that to you ever
it's only pure song that can soothe me
neptunes in transit, clouding in my way
"love you so sweetly," she tells me loudly

tells me loudly
tells me loudly
tells me loudly
