

Scout Niblett, Ground Breaking Service

i will take it
in the world today
if you show me
how to play in my way

they offer understanding
and ground breaking service
it's the way I lead it
for the lights that burn on

you're young precious fool
you're what the world wants to see

they offer understanding
and ground breaking service

you will show me
how to play in my way
how to play in my way
