

# Scout Niblett, No-Ones Wrong (Giricocola)

Is this for real?  
Is this for real or am I mistaken?  
There seems no choice in it  
Even before I got my scent I was ready and ready and ready and ready  
I was ready to run away with someone  
And I was sad, and longing for more with your song  
with your song, with your song

Reach out for a song  
Reach out for a song

(It's not wrong  
How's it wrong?  
No-one's wrong  
No-one's wrong)

You're the fire in loins of men  
Come now  
Come now  
Hey!

Sing that song  
Reach out for a song  
Hey Giricocola  
Are you ready for it?  
Are you ready for it?

It's not wasting time it's all in your mind  
Hold on now  
It's a sure shot that'll kill you
