

Scratchingpost, Beef

It's about a boy and I want one
But a dollar wont buy me anymore
Its about a boy and want got one
But he can't take it anymore

Its about a boy who's fucking with my bad side
I thought he'd know better than that
If I told him once than I'll tell him forever
"You don't wanna see me like that"

It's about a drug and I want know one
But a dollar wont buy him anymore
Its about a drug and got one
But I can't take it anymore

(Chorus)

It's about a beef and I want one
But a dollar wont buy me anymore
Its about a beef and got some
But he can't take it anymore

(Chorus)
