

Scream Club, Acnecore

Pick! Pop!

People with acne get me hot,

Lift up your shirt and show me what you got,

I'm not lookin at your tits,

I'm lookin at your zits,

All ready to pop and I want to get a grip,

Blackheads, Whiteheads, and Ingrown Hairrrrsss,

We don't care as long as you share, OOOH,

Look at it gets me hyped,

I'm about to tell you what I like,

I like it when the pus comes out like a snake,

Baby don't turn on the brakes,

Aw but we're about to go out in public,

It's okay I've got makeup to cover it,

I'm goin in twice for the double burst,

I'm like "Yo Hold up bitch that hurts!"

Yo, this session is over,

That's when I started looking for the four leaf clover,

No way Baby! I'm goin to sleep!

You know you're going to wake up with my fingers on your cheek,

Oh No! It bursts with water,

makes me wonder why I even bothered,
