

Screaming Monkey Boner, Doin' Da Dead

The cemetery a picnic ground, the dead regurgitated from the ground

They arise up from the pit to eat my flesh and suck my dick
Long awaited I anticipated this moment as I masturbated
An orgiastic jamberoo, a necrophile's dream come true

She slips so sweetly into my bed, the writing on the wall is red

She reviles with angelic grace as I cum in the holes in her face

The church is now a mausoleum, a bordello of consumed cerebrum

Death is the doorway to all desire for those returned from the holy fire

(chorus)

The consummation of rotting flesh, the ultimate fornication is death

I'm the mother of undead f**kers, it's true, for Jesus was a Zombie too

(chant)

Heedee ity op, ye rop bah de dah

Heedee ity op, ye rop bah de dah

Heedee ity op, ye rop bah de dah

Heedee ity op, ye rop bah de dah
