

# Screaming Trees, Before We Arise

Blackness all around  
Can you wake me  
Truth less little town  
Can you wake me  
I'm flying on your streets  
Can you wake me  
I'm drowning in your sleep  
Can you wake me  
From another dreamless night  
Long before we arise  
I'm howling in the fields  
Can you wake me  
Unconquered and unreal  
Can you wake me  
I'm crawling deep inside  
Can you wake me  
I'm drifting with the tide  
Can you wake me  
From another dreamless night  
Long before we arise  
Long before we arise
