

# Screaming Trees, Clairvoyance

Clairvoyance (Repeated)

Wild into the dead of night

Around the corner I see a light

See it coming my way run

Standing on the ground waiting for the sign

Whoa I can't go on I can't sleep

I can't last more than another week

'Cause I know what's coming then

Forgive my lies, I see it's too much

Doing all I can not to see your plan

I know it's no good

No good to keep you waiting

Whoa I can't go on I can't sleep

I can't last more than another week

'Cause I know what's coming then

'Cause of my clairvoyance

Daylight isn't here

But it's a part of us

I see it coming my way run

Standing on the grass waiting for the sun

Whoa I can't go on I can't sleep

I can't last more than another week

'Cause I know what's coming then (repeat)

'Cause of my clairvoyance
