

Screaming Trees, Orange Airplane

Can't take a train you know they move too slow
Gotta take to the airport where I wanna go
Heart beating like a million miles an hour
Listening the wind is turning sweet to sour
Orange airplane

Take me to a new day

Little orange airplane

Take me to a new day

I land downtown in the middle of the day

I'm coming down hard so get out of the way

Looking up to heaven trying to find a clue

Said I'm too far gone, gotta pay my dues on

An orange airplane

Take me to a new day

Come on

Little orange airplane

Take me to a new day

I'll be heading into orbit on a Sunday morning

My legs are broken and my ears are ringing

Orange airplane takes me to my home

Take me to the graveyard and bury my bones on

An orange airplane

Take me to a new day

Come on

Little orange airplane

Take me to a new day

Take me far away

On an orange airplane
