## Screaming Trees, Orange Airplane

Can't take a train you know they move too slow Gotta take to the airport where I wanna go Heart beating like a million miles an hour Listening the wind is turning sweet to sour Orange airplane Take me to a new day Little orange airplane Take me to a new day I land downtown in the middle of the day I'm coming down hard so get out of the way Looking up to heaven trying to find a clue Said I'm too far gone, gotta pay my dues on An orange airplane Take me to a new day Come on Little orange airplane Take me to a new day I'll be heading into orbit on a Sunday morning My legs are broken and my ears are ringing Orange airplane takes me to my home Take me to the graveyard and bury my bones on An orange airplane Take me to a new day Come on Little orange airplane Take me to a new day Take me far away On an orange airplane
