Screeching Weasel, Guest List

I was hanging out at the show feeling like a fat potato I don't know what I'm doing here I saw her at the door and she looked as bored as me so I got her in

I put her on the guest list at the show and now I get to watch her dance like the other weirdos do ah-oh-oh-oh

I saw she brought a camera She danced the groin-o-rama and we were really having fun told her I'm the lead singer I felt like Harvey Klinger and then she smacked me in the head

I put her on the guest list at the show and now I get to watch her dance like the other weirdos do ah-oh-oh-oh
