

Screeching Weasel, I Believe In Ufo's

I believe in UFO's

Baldheaded men with goldfish bowls

Tied securely round their waists

Observing us from outer space

I believe in UFO's (x4)

Men from space invade my dreams

Simply confirming my beliefs

The government will not admit

Another race of man exists

CI believe in UFO's (x4)

Twinkle twinkle UFO

There are those of us who know

You're up above up in the sky

Watching our planet slowly die

SING CHORUS IN YOUR MOM'S FACE AND MAKE

SURE YOU HIT HER WITH TINY FLECKS OF SPIT
