

Screeching Weasel, Phasers On Kill

what to do a spaceship crew came
crashing through my house
captain kirk the stupid jerk punched me in
the mouth
why'd you pick this place
you came from outer space
if you're sleeping on my couch then you'll
do what i say
go! set the phasers on kill
cause i don't love her anymore
looking through my records all day on
the phone all night
try to fix the beam without the help of
miller lite
i can't get no sleep
you better earn your keep
take the safety off and go disintegrate
that creep
go! set the phasers on kill
cause i don't love her anymore
