

# Screeching Weasel, She's Giving Me The Creeps

She's giving me the creeps the girl I knew is dead  
She says her armpits are hairy cause it's natural so why does she shave her head ?  
Her legs are hairy logs and she's got earrings in her face  
What's with this hippie bullshit anyway ?  
She's giving me the creeps she's Dawn Quixote  
You can sell your LSD in a dirt lot now cause People's Park is free  
The bums that she calls homeless people still aren't eating  
And the pawns that she calls women still get raped  
She's giving me the creeps she wallows in her words  
Semantics mean much more than action in her moronic world  
I extend my most heartfelt apologies  
For being white and male without a cause
