

Screeching Weasel, She's Giving Me The Creeps

She's giving me the creeps the girl I knew is dead
She says her armpits are hairy cause it's natural so why does she shave her head ?
Her legs are hairy logs and she's got earrings in her face
What's with this hippie bullshit anyway ?
She's giving me the creeps she's Dawn Quixote
You can sell your LSD in a dirt lot now cause People's Park is free
The bums that she calls homeless people still aren't eating
And the pawns that she calls women still get raped
She's giving me the creeps she wallows in her words
Semantics mean much more than action in her moronic world
I extend my most heartfelt apologies
For being white and male without a cause
