

# Scritti Politti, Absolute

Absolute, on power drive  
I need you so to keep me alive  
Absolute, I long for you  
A girl to make a dream come true  
Oh baby understand

Absolute, on power drive  
I need you so to keep me alive  
Absolute, I long for you  
A girl to make a dream come true  
Absolute, a principal  
To make your heart invincible  
To love (do do-do-do)

(Ooh love you)  
(Ooh love you)  
(Ooh and I love you)  
(Ooh and I love you)

Holy girl your lips of clay  
Will whisper words of yesterday  
Holy girl my paramour  
I know too much to be so sure  
Holy girl you kiss away  
The meaning of the working day  
For love (do do-do-do)

(Ooh love you)  
(Ooh love you)  
(Ooh and I love you)  
(Ooh and I love you)

Where the words are worn away  
We live to love another day  
Where the words are hard 'n' fast  
We talk of nothing new but the past

(Ooh love you)  
(Ooh love you)  
(Ooh and I love you)  
(Ooh and I love you)

(Oh-oh...)

Where the words are vodka clear  
Forgetfulness has brought us near  
Absolute, a principal  
To make your heart invincible  
To love (near)  
To love (oh)  
To love

(Love you) love you  
(Love, love you)

(Love) absolute  
(Love you) love you  
(Love)  
(Love you)

(Love) absolute  
(Love you) love you  
(Love)  
(Love you)

(Love) absolute  
(Love you) love you  
(Love)  
(Love you)

(Love) absolute  
(Love you) love you  
(Love)  
(Love you)
