

Se - Sa feat. Sharon Phillips, Like This, Like That

Music got the (...), play it with the track up.

Step back with the music in the time that matters, this track will make you high more than marijuana.

Rinse out the hit with a static motion, mix up the bass line like a potion.

If you think you got it, let me hear you. Shake up your booty, all the men will fear you!

Come by Caribbean with the German, dash in a little of the Turkish motion.

When the DJ plays his **** I tell you, it's not the sound it's just a rhythm in you.

Know that your brain, let it get in control. Do everything that I'm gonna tell you!

And when it's all over then it's start again ya'll, come on let it shake what your mamma gave you!

Chorus

Hey, I like it like this, I like it like that, I like it like (come on let it shake what your mamma gave you!

Hey, I like it like this, I like it like that, I like it like (come on let it shake what your mamma gave you!

Aaa (come on let it shake what your mamma gave you!)

Aaa (come on let it shake what your mamma gave you!)

If it's a music that you love then let me know, contender does a hula, gets on the floor.

Show me some **** I aint seen before; wind it up and fast and dip it down low.

When the music hits you, you'll a feel the pain, only (****) running through your brain.

It really don't matter where you come from; Japan or Russia, even Belgium.

Put your hand on your hip and work up your body, turn up the wind and roll your belly!

Break it down the beat and clicks now, move your body like a locomotion.

Move round your neck and rock your butt now, drop to the ground, have a heart attack now!

And when it's all over then it's start again you'll, come on let it shake what your mamma gave you!

Chorus

Hey, I'm on the inside, music is so fine, getting me in the mood.

I'm so excited, now I can feel it. Say, can you feel it too?

I'm on the inside, music is so fine, getting me in the mood.

I'm so excited, now I can feel it. Say, can you feel it too?

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Move your body, body, shake your body, body.

Hey, I like it like this, I like it like that, I like it like this, I like it like (come on let it shake what your mamma gave you!

Hey, I like it like this, I like it like that, I like it like (come on let it shake what your mamma gave you!
