

Sea Of Green, Overwhelmed

Wipe The Plate And
Clean The Slate Of
Everything That Came And
Went Before

I Know You're Not The Type
To Start A Fight So Baby
Let's Get Down

I'm Overwhelmed
I Let You See The Real Me
You Should Have Known
We Only See What We Wanna See
And That's The Way It Has To Be

So Now We Float Amongst The Waves
Upon The Stars
That We Have Chosen

So Shall I Penetrate Your Warmth
Or Should I Just Lay Beside You
Or Inside You

I'm Overwhelmed
I Let You Se The Real Me
You Should Have Known
We Only See What We Wanna See
And That's The Way It Has To Be

Has To Be
