

Seal, Tinsel Town

Check your mind, you're free to follow
All the friends that you can borrow

Everybody's so much fun
To pay for all the lunches done
Always trying to beat the rest
You're always trying to be...

Whatever you need
All the things you long for and you need to be
They can be found

All the tinsel town, all the tinsel town
All the tinsel town, all the tinsel town

Therapy can be your saviour
People take your strange behaviour

Be careful with your mind till you know the deal
Be careful with your life 'cause it's gonna be

Whatever you want
All the things you long for are the things you don't
They can be found

All the tinsel town, all the tinsel town
All the tinsel town, all the tinsel town

Whatever you want
All the things you long for are the things you don't
They come around

All the tinsel town, all the tinsel town
All the tinsel town, all the tinsel town

Always trying to be the best, you're
Always trying to beat the rest, you're
Always trying to be the best, you're
Always trying to beat the rest, you're
Always trying to be the best, you're
Only trying to beat the rest, you're
Always trying to be the best, you're
Only trying to beat the rest, you're...

Whatever you need
All the things you long for and you need to be
They can be found

Whatever you want
All the things you long for are the things you don't
They come around

All the tinsel town, all the tinsel town
All the tinsel town, all the tinsel town

Whatever you want
All the tinsel town, all the tinsel town
Whatever you need
All the tinsel town, all the tinsel town...

Whatever you want
Tinsel town
Tinsel town

Whatever you want
Tinsel town
Tinsel town
