

Seals and Crofts, Try Your Love

(lyrics and music by James Seals and Brian Whitcomb, 1980)
From the album THE LONGEST ROAD (1980).

I saw you today. I've got to say you're looking better.
The way you hold yourself up now, I can tell you're a go-getter.
So go out and find yourself someone while you can now,
'Cause we all, we got a road we must travel.
When you're alone, you'll unravel the secret of life.
But if love touches you, you can find your way to the sunshine,
Baby you'll be mine, try your heart out, try it on me.

I swear it's a spell, though it's beauty comin' from you.
And you wear it so well, face of love it becomes you so.
So go out and show the world it's free, you have found it.

Try your love. Try your love. Try your love. Try it on me.

I saw you today in a way that I never saw the first time.
You were new, you were ready, you were love in the springtime.
And you know by your wings, take it fly, it's the right time.
'Cause we know, we got a road we must travel.
If you're alone, you'll unravel the secret of life.
But if love touches you, you know I'll be here, I'll be waiting, just for the takin',
Try your love out, try it on me. Try it on me.

Try your love. Try your love. Try your love. Try it on me.
Try your love. Try your love. Try your love. Try it on me.
