[VERSE 1: (FABOLOUS)]

Lets get it ta' poppin ma, its a little before 1

And I'm yellin' out aye aye aye aye aye yoooo

I can tell by tha ring in tha middle of ya tongue

You're tha kinda girl that has a little bit more fun

I'm literally yours hun

Cuz' I never seen a ass so big with a waist as little as yours hun

And by tha expressions on them hotties grills

I know they wanna holla at somebody real

And I'm usually lookin' for somebody skilled

Enough to make a nigga say aye aye aye yo niggas get mad cuz I may slay they

hoe But I don't wanna let the a.k. spray so

Stop face fightin' me, like ya face frighten' me

I do this every year so I ain't never scared

I do this everywhere and you ain't never there

They sayin' this everywhere, how could you never hear

[HOOK: (SEAN PAUL)]

If you wanna roll with tha thugs tonight Lights, camera, action can you feel

tha hype Hit cruise control blazed Kryptonite Well its alright, baby its

alright If you wanna live up and free your life Come through let we kick it 'til

a morning light

If you wanna roll with tha thugs tonight Well its alright, baby its alright

[VERSE 2: (SEAN PAUL)]

So get with it, we want (to) hit it, we nah quit it..

And I like tha way you body set and how your clothes fit it

I want you give me some of it because minute by minute

Temperature it all a rise because you thighs and all you hips...style

You shockin' it..you a rock it..you a kill it

And a one thing the Dutty Paul want to predict

Say by tha end of tha night you will be chillen' with tha click

Flossin' it...Money we tossin' it...

'Cause we a tha Boss in it

We naw ease up...We aint stallin'...Grab tha girls all in...

Thats my true callin'

Ya'll freeze up.. We be flowin' it...

Your girl knowin' it And thats why she's showin' it.

[HOOK]

[VERSE 3: (FABOLOUS)]

Over here tha liquor is light blue, the chronic is light green

They wearin' tha right shoe, they put on tha tight jeans

They bringin' me right thru', I walk with a slight lean

My style excites you, I know what that might mean

Aye, Im'ma freaky scorpio

Yo, tryna' leave with your skio

Aye, but its mandatory tho'

Yo' after me let shorey go

But thats another story tho'

But please dont try to bring us to tha Maury show

How cool is he?

You dont know a fool who be crazy enough to fool with me

You'd rather swim in a pool of pee
Then see tha one you luv in tha vehicle with me
Aye
Yo
But tha vibe is right, tha girls is up to par
We gon', drink it tonight and earl it up tomorr'
It goes
