

# Sebadoh, Crystal Gypsy

Fatal missy, daring you to kiss me  
Crystal Gypsy, light my fire  
Tonight I die to realize, I bury my shit deep inside  
I suck up all you think and I'm thirsty  
Convoluted hell run dry  
Fatal missy, daring you to kiss me  
Crystal Gypsy, light my fire  
When it starts to suck and I'm stuck here  
Carrying me far away  
I just send a wink to the trustee  
Check's in the mail, it's time to pay  
Freeze out, I squeeze out something  
To stumble out, stumble down  
It's my kinda highway, really  
Convoluted hell run dry
