

Sebadoh, God Told Me

This land is very small
A bum scrawl with people crawl (?)
America's the greatest way
I'm counting thoughts; I'm counting days
Well I know it's true, cuz God told me to tell it to you
I know it's true; a God told me to tell it to you
This metal cuts my skin
America has eaten my cousin
Green boots and a hard green helmet
I feel so bad cuz I'm left and spent
I know it's true, cuz God told me to tell it to you (X2)
A God told me to tell it to you (X4)
