

Sebadoh, Got It

I don't quite get it, but I know you've got it
I don't care if nothing else goes my way all day
I'm taking your morning warmth with me out into the day
And I don't care if nothing else goes my way all day
I think I can stay here a while with you
You make me feel much better
Scared indeed to be without
Storm renders compass useless
Unwanted to be here
I feel the end of something
Everything before us is hopeless
Everything before
I don't quite get it, but I know you've got it
I don't care if nothing else goes my way all day
I'm taking your morning warmth with me out into the day
I don't care if nothing else goes my way all day
