

Sebadoh, Happily Divided

Of these times, it's well we make the most
Boredom fabricated as you're going down each others' throats
And I'm so excited, happily divided
Smashing all my windows
Rocks falling in the yard
Pretending that you're bigger than you really are
Pretending you're bigger than you really are
Happily divided
Yeah you're big, only when your numbers grow
All dressed up with nowhere to go
So excited
Happily divided
