

# Sebadoh, Loose 'n' Screw

My girl's tired, she's shaking at me  
Just watch kid cry, jumping beans  
Little kiss, broken teeth  
And I feel that I should pull  
Painted grass, unseen waste  
Every day I've seen she's poutin' on the face  
She can try on my mind but I gotta kick ya out  
You could but she cried and you can't go back  
Feel like a pawn when we screw  
So if ya wanna split, it's up to you  
Peas, porridge hot  
Peas, porridge cold  
Peas, porridge in the pot nine days old  
Peas, porridge in the pot nine days old  
Girl's tired  
Loose n' screw  
Don't be so picky
